# Universal Healing Tao New Zealand and Australia Instructor Meeting 2011

## Dear UHT Instructors

It has been a long journey with many challenges and experiences from my first introduction to the Tao as a little boy. One of the greatest challenges was when I started teaching in America from sessions on a one to one basis to groups of twenty, fifty or one hundred people. This was quite an experience for me.

Creating and developing the Universal Healing Tao System over the last 20 years has been a challenging experience made possible only with the help and support of my family and many UHT Instructors around the world. Particularly rewarding has been the establishment in Chiang Mai, Thailand of Tao Garden which incorporates the Continental Network Centre Asia. This special place is available to everyone seeking a higher quality of life by being in touch with the source.

Presently, we are establishing UHT Continental Network Centres on all continents. We are now ready to share with you the most exciting phase of development; our Vision-Mission 2012 Process, of which you will become a part of by attending the CNC Instructor Meeting in Sydney 2011.

I hope you will all attend, participate and enjoy meeting each other in Sydney.
